

SPAGHETTI ASTRONOMY - REVEALING THE UNIVERSE WITH OPTICAL FIBRES

Fred Watson - Astronomer in Charge of the Anglo-Australian Observatory at Coonabarabran and Adjunct Professor at QUT, USQ and JCU

In this International Year of Astronomy, IYA for short, Fred Watson will provide some personal experiences of his life as an astronomer at two of the world's most innovative telescopes.

Fred is the recipient of a number of prizes for communicating science to the public, a regular presenter on ABC radio in Australia and the author of a number of popular astronomy books.
